

# Seven Hills Classical Academy

## Approved Snack List

Seven Hills Classical Academy is a NUT-FREE school. There are several children in multiple grades who have life-threatening allergies to nuts of all kinds. We appreciate your support in keeping all of our children safe. Please discuss the seriousness of allergies with your children when explaining why the school does not allow nuts, products made with nuts or in kitchens where nuts have been used.

### NUT-FREE Snacks

***All snacks need to be checked each time for changes in ingredients or manufacturing processes. Snacks cannot be processed in a facility that also processes any nuts. These snacks are brand specific, other manufacturers of similar/imitation products use different ingredients and different processing.***
